

# Hunterian Ideals in the time of COVID 19

Mr Paul Williams BSc, MBChB, MRCSEd

Surgical registrar, Yorkshire and Humber Deanery

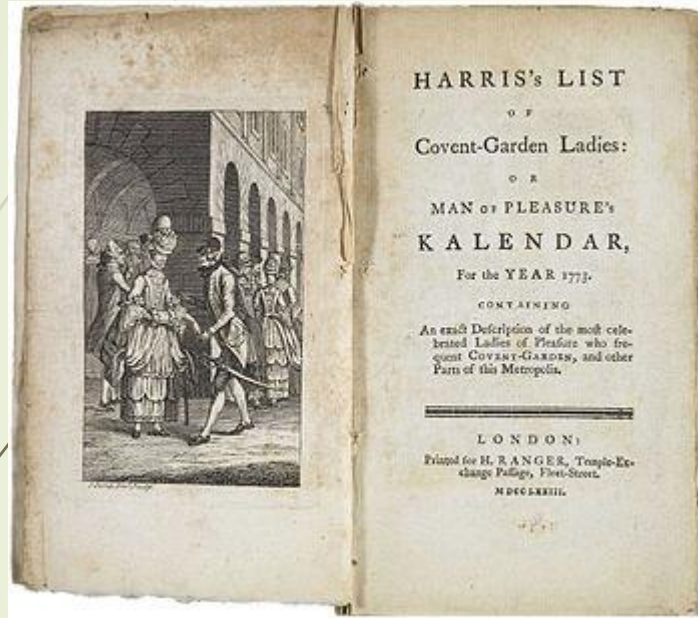

*‘As disease in general should not only be cured but when it is possible prevented, it will not be improper to show, as far as we know, how that may be done: for in this disease we can with more certainty prevent infection, its origin being known’*

*John Hunter, Treatise on Venereal Disease 1786*

***'Prevention is better than the cure'***
